YaraVita[®]
Zintrac™ 700 (39.5% Zn)

First foliar application at 45-50 days @ 1-1.5ml/litre water
Second foliar application at 90-95 days @ 1-1.5ml/litre water

YaraVita[®]
Bortrac™

First foliar application at 45-50 days @ 1-1.5ml/litre water
Second foliar application at 90-95 days @ 1-1.5ml/litre water

YaraVita[®]
Stopit™

First foliar application at 45 days before harvest @ 5.0 ml/litre water
Second foliar application at 30 days before harvest @ 5.0 ml/litre water
Third foliar application at 15 days before harvest @ 5.0 ml/litre water

YaraVita[®]
Rexolin® Combi II

First foliar application at 50-60 days @ 1-1.5 g/litre water
Second application by drip at 90-100 Days @ 0.75 kg to 1.0 kg/acre
